Please be advised that the Executive Committee (EC) elections will be held during this year's IB meeting.

The vacancies open for election this year include the following positions:

1. President

2. Regional Vice Presidents: Asia, Europe, the Americas, and Africa

3. Treasurer

The nomination process will officially open on the day of registration, 2nd December 2026. All relevant nomination forms, along with the contact details of the designated officers in charge, will be sent to the Country Coordinators by the end of November.

Please note that due to the current uncertainty regarding the exact number of participating countries from each region, some regions may lack sufficient representation. Consequently, there is a possibility that elections for certain regional positions may not be able to proceed. We appreciate your understanding and attention to this matter.
